Dear Dr. Yetley:

Alta Health Products, Inc. hereby provides you with the information contemplated by Section 6 of the Dietary Supplement Health and Education Act of 1994:

1. Silica with bioflavonoids 120 tab size
Horsetail Herb Extract 500 mg.

Silica strengthens and supports healthy skin, hair, bones and nails. Silica is an essential trace mineral that plays a biological role in the processes by which bone, cartilage, connective tissue and skin are formed and is a component of collagen.

Claim first made April 97

2. Same as above Silica 60 tab size

3. Brazilian Pau D'Arco Extract
Pau D'Arco Extract 485 mg.

Brazilian Herbal Extract from the inner bark of the purple flowering species has shown to have the strongest biological activity. Contains powerful antioxidant properties.

Claim first made April 97

4. Can-Gest, A natural digestive aid

Alta Health Products Proprietary Blend of: Boldo Tree Leaf, Combretum, Alder Buckthorn Bark, Peppermint Leaf, Orange Tree Leaf, Balm Leaf, Mercuriale, Mariogold Flowers, Mallow Leaf.

A traditional blend of nine herbal extracts that nourish the digestive system and help maintain the eliminative system while providing nutritional support for the liver.

HEALTH PRODUCTS

5. Magnesium Chloride

Magnesium Chloride 518 mg.

A simple form of magnesium that is readily absorbed. Magnesium is an essential nutrient that is inadequate in many American diets. Research has shown that magnesium is important in production of energy, and in the function and integrity of muscles, nerves, kidneys, bones, heart and arteries.

Claim first made April 97

6. Brazilian Pau D'Arco Fine Powder

485 mg. Pau D'Arco Powder

This Pau D'Arco is shown to have the strongest biological activity. Contains powerful antioxidant properties.

Claim first made April 97

7. Potassium Chloride plus Silica

Potassium Chloride 183 mg.

A simple form of potassium that is readily absorbed. Potassium is the principal intracellular electrolyte mineral that is vital for normal cell functioning. Supports the heart, arteries, muscles and kidneys, as well as being involved in the healthy functioning of the nervous system. Extracellular potassium is also required for nerve impulse transmissions, muscle contractions, and normal blood pressure.

Claim first made April 97

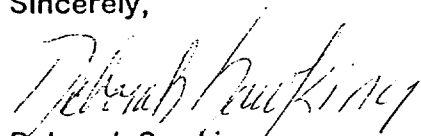

8. Imu-Gen

Whey Extract 350 mg.

Nutritionally supports the immune system. Colostrum leukocytes have demonstrated the ability to produce interferon. Aids in the establishment of intestinal function.

Claim first made April 97

Sincerely,

Deborah Sawkins
Executive Vice President
